

NETIQUETTE reflection:

(500 words – 2 pages)

- In your own words, summarize the major ideas from Shea's article
- Consider the article we read on November 12th (posted to the wiki).

- Compare the major themes between the news article and Shea's suggestions for Netiquette: describe how the information in the article is, or is not applicable. Are the demands of the students unreasonable, or are the professors in violation of *netiquette rules*, or both?

- Create a list of netiquette suggestions for SRB students. In your answer, you may also wish to address the issue of cyber bullying.
